

CITY OF LODI

COUNCIL COMMUNICATION

AGENDA TITLE: Award Contract for White Slough Water Pollution Control Facility Pond Recirculation Pump Replacements (\$29,740)

MEETING DATE: May 3, 2000

PREPARED BY: Public Works Director

RECOMMENDED ACTION: That the City Council adopt the attached resolution awarding the contract for the above project to Mechanical Analysis Repair, Inc., of Lodi, in the amount of \$29,739 and appropriate funds in accordance with the recommendation shown below.

BACKGROUND INFORMATION: This project consists of replacing two 30-year-old electrical motor-driven, mixed flow, single stage vertical lift pumps. These pumps are needed to recirculate flows within the storage ponds.

Plans and specifications for this project were approved on April 5, 2000. This is the only bid the City received for this project.

This project was approved at a \$24,000 funding level, which was to be derived from the 1999/2000 Capital Improvement Budget and retiring funds budgeted in the 2000/2001 Capital Improvement Budget. Additional funding will be requested from Wastewater Capital Reserves to cover the bid of \$29,739. This bid exceeded the project estimate due to the age of the original quote and the additional cost of purchasing high-efficiency motors.

FUNDING: Budgeted Funding: \$24,000 Wastewater Capital Reserve
Requested Appropriation: \$30,000
Bid Opening Date: April 20, 2000
Funding Available: Ruby R. Paiste for
Vicky McAthie, Finance Director

Richard C. Prima, Jr.
Public Works Director
